Serves 4–8 · Prep 20 min

INGREDIENTS

FOR THE SALAD

- 250 g crab sticks, separated into thin strands
- 300 g sweetcorn, drained if canned
- 3 cups finely shredded cabbage
- 2 cups shredded carrots
- 2 cups thinly sliced cucumbers
- 2 tbsp chopped pickled ginger

FOR THE DRESSING

- 3 tbsp mayonnaise
- 4 tbsp yellow mustard
- 2 tbsp fresh lemon juice
- 3 tbsp olive oil
- 2 tsp ground black pepper, adjusted to taste

METHOD

1. Prepare the salad. Separate the crab sticks into thin strands. Finely shred the cabbage and carrots, thinly slice the cucumbers and drain the sweetcorn thoroughly.
2. Make the dressing. Whisk together the mayonnaise, yellow mustard, lemon juice, olive oil and black pepper until smooth.
3. Place the cabbage, carrots, cucumbers, sweetcorn, crab sticks and pickled ginger in a large bowl.
4. Mix by hand. Pour over the dressing. With clean hands, gently toss and lightly squeeze the salad as you mix, helping the dressing coat everything and encouraging the vegetables to release a little juice. Keep a light touch so the vegetables retain their crunch.
5. Taste and adjust the lemon juice or pepper if needed. Transfer to a serving bowl and serve chilled.

Tip

Mix with your hands. Gently working the dressing through the salad gives it a juicier consistency than simply stirring with a spoon.
