# Perfectly Crunchy Sablé

FROM NELL'S KITCHEN

*Buttery, delicate and beautifully crisp, these sablés are lovely with apricot jam, the traditional pairing.*

Makes Approximately 35–45 biscuits, depending on size and thickness · Prep 20 min · Cook 12 min

## INGREDIENTS

- 300 g plain flour
- 200 g butter, softened but still cool
- 100 g icing sugar
- 1 egg
- 1 tbsp vanilla essence
- A pinch of salt

### TO SERVE

- Apricot jam, the traditional choice *(optional)*
- Strawberry jam, as an alternative *(optional)*
- Nutella, for a chocolate variation *(optional)*

## METHOD

1. Make the dough. Mix the butter and icing sugar until smooth and combined, without beating excessively. Add the egg, vanilla and salt, then mix again.
2. Add the flour and mix just until a soft dough forms. Gently bring it together without kneading.
3. Chill if needed. Flatten into a disc and wrap. If the kitchen is warm or the dough feels sticky, refrigerate for approximately 20–30 minutes, until firm enough to roll easily.
4. Prepare to bake. Preheat the oven to 180°C. Line baking trays with baking paper.
5. Roll and cut. Roll the dough between two sheets of baking paper to approximately 4–5 mm thick. Cut into your preferred shapes and arrange on the trays, leaving a little space between them. Gather and gently reroll the scraps.
6. Bake. Bake for approximately 12 minutes, until the edges are lightly golden. Smaller or thinner biscuits may cook more quickly.
7. Cool. Leave on the tray for a few minutes, then carefully transfer to a wire rack to cool completely.
8. Serve with apricot jam, strawberry jam or Nutella alongside for dipping.

### *Tip*

Keep the dough cool. In summer or a warm kitchen, refrigerate whenever it becomes too soft to handle.
